Everyone is part of a family and Family, Career and Community Leaders of America is the only national career and technical student organization with the family as its central focus. Since 1945, FCCLA members have been making a difference by addressing important personal, work and societal issues through family and consumer sciences education. Today nearly 225,000 members are active in a network of associations in 50 states as well as the District of Columbia, the Virgin Islands and Puerto Rico. There are 24,000 members in Texas where chapters participate in numerous projects related to families, careers and community involvement. Students focus on learning life skills in all their activities and get recognized for all their FCCLA accomplishments at regional, state and national conferences.
